This term our Collective Worship theme is **TRUST**

'My God is my Strength in whom I trust' Psalm 18v2

'Never be afraid to trust an unknown future to a known God' Carrie Ten Boom

This week in school

The Sound of Easter Workshop

Becs, our Chaplain led Easter encounter workshop in school with Year R-5 this week. The children engaged in different activities which explored sounds to represent and piece together the events from Holy Week. The children also considered why the Easter Story is so important to Christians.

20p Games

Well done to our brilliant School Council who planned and led the 20p games today to fund raise for playtime toys and provision. Thank you to Mrs Shelley for meeting with the School Council and organising the event.

Easter Service

Thank you to those who attended the Easter Service held at All Saint's Church. The children really enjoyed using Art as a way to learn about the Easter Story. The children's finished Art works will be displayed at the church so they can be enjoyed over the Easter celebrations.

SAFEGUARDING At Broad Chalke, keeping children safe is always a priority and our safeguarding duty.

The purpose of these weekly updates is to raise awareness and support you as parents.

Following our in-school visits from the charity 'Bright Bites' every child is bringing home a toothbrush and toothpaste. The children have been reminded about the importance of brushing carefully and how we can promote good mouth hygiene. For more information please follow this link <https://www.dentalhealth.org/childrens-teeth>

THANK YOU!!!!

A huge thank you to FOBs and all the parents and carers who have helped fund raise for the new iPads. This week we began using the 16 new iPads in classrooms. The children and adults have loved it....they are so fast!

We are extremely grateful for this gift to school; the new iPads will be very impactful on the pupils' learning and enjoyment. **THANK YOU** 😊

STEM WEEK

Mrs Dunford, our Science lead, has been busy planning a STEM week for 19th May-23rd May. This is an opportunity to celebrate all aspects of Science, Technology, Engineering and Maths. If you have a particular interest or work in a role which you feel would inspire our pupils for a future career, please let Tracey or Andi know. Thank you.
