SAFEGUARDING

Staying Safe This Summer: With the summer holidays almost here and the recent hot weather continuing, we would like to remind families about some important summer safety messages.
Recent national reports have highlighted an increase in water-related incidents involving children and young people during periods of hot weather. Water can be incredibly tempting when temperatures rise, but rivers, lakes, reservoirs and canals can present hidden dangers, including cold-water shock, strong currents and unseen hazards. Local agencies, including Dorset & Wiltshire Fire and Rescue Service, are encouraging families to talk regularly about water safety and ensure children are always supervised near water. **Please remind your child to:**

- Never swim in unsupervised open water.
- Stay with friends and never enter water alone.
- Follow local safety signs and guidance.
- Tell an adult where they are going.
- Call 999 and ask for the Coastguard in a coastal emergency.

Best wishes
